## What is the scope of BBS course in Nepal?

BBS has a quite good scope in Nepal for **entry-level jobs as bookkeepers and accountants**. However, in order to get better positions and acquire a high paying job, students must gain other skills along side their studies or do part-time jobs during the college.

## Why do you want to study BBS?

Students pursuing BBS course acquire very strong conceptual knowledge in the field of management, finance, accounting, marketing, and other contemporary subjects. This makes students capable of competitives with other faculties and stand out in the competition.

## Is BBS good for future?
